Part# 603279: product change canceled, model still available
Part# 603317: product change canceled, model still available

PCN-information from Rev. 01

Subject Redesign of gSENS LG/KT/LWG (analog) for internal components for all type 15x, 2xx, 3xx and 5xx sensors see Rev. 01 information below

Announcement date April 30, 2020

Delivery of new parts from July 1, 2020

Reason for change Various built-in components are discontinued by the supplier

Description Replacing the new internal components causes no adaptations. Existing and released applications have no need for changes. The new version is electrically and mechanically compatible with the old version and can be substituted one-to-one.

Mechanical interface:

- Same mounting options and same connector position
- Same protection rating

Electrical interface:

- Newest generation of EMC-protection
- Same installation
- Same electrical connector interface

Software interface:

- Same object dictionary for CANopen interface
- Same resolution for transmitted measurement values
- Same error behavior
