Product Change Notification

gSENS LG/KT/LWG

PCN No.: WMC-PCN-2021-12395
Announcement Date: March 29, 2021
Delivery of new Parts starting from: April 1, 2021

Subject
Redesign of gSENS LG/KT/LWG for internal components.
For all type 15x, 2xx, 3xx and 5xx sensors with CAN-Interface.

Reason for change
EOL of components

Products affected
Existing part number - existing product name/ new part number - new product name

</tbody>
</table>
The next generation gSENS LWG is fully compatible with the versions you are already using and can be easily integrated without the need for adjustments. This applies to electrical and mechanical connections as well as software integration.

**Mechanical interface:**
- Same mounting options and same connector position
- Same ingress protection rating

**Electrical interface:**
- EMC-protection according to the latest standard
- Same installation
- Same electrical connector interface

**Software interface:**
- Same object dictionary for CANopen interface
- Same resolution for transmitted measurement values
- Same error behavior

**Time Schedule**
The new items will be available beginning April 2021 – see also product discontinuation process below

**Measures**
New product documentation
New part numbers
Modified Kits and systems

**Available documentation**
New documents for gSENS LWG available in April 2021
- Manual
WMC Product Discontinuation Process

PDN
Date: February 1, 2021
Spare parts are available until end of service
Start of replacement part delivery April 1, 2021

Last time purchase
Date: December 31, 2021
Last chance to place order for product
After January 1, 2022, only replacement parts will be offered

Projected forecast
Date: May 31, 2021
Please provide forecast of last time purchase

End of service
Date: December 31, 2025
Spare parts will no longer be available from WMC. Please contact our service partner

Best regards,
