

Product Discontinuation Notification

Wireless W1 and W2 Series

PDN-no. WMC-PDN-2025-0201
Announcement date February 28, 2025
Subject Discontinuation of the Wireless W1 and W2 Product Series

Reason for discontinuation In order to make products more secure, the EU has tightened its 'Radio Equipment Directive (EU RED)' and is also introducing the 'Cyber Resilience Act' (EU CRA). According to this, 'radio' devices and products 'with digital elements' and their development process must fulfil certain EU requirements and need to be designed to be more resistant to cyber attacks from mid-2025 onwards. From 2027, products may only be sold in the EU if they completely fulfil the requirements of the EU RED and also the EU CRA.
In this context, the wireless product series mentioned will no longer receive a new CE declaration after this date and, as a result, needs to be discontinued.
